

# AUSTRALIA'S INTERNATIONAL CYBER ENGAGEMENT STRATEGY AT A GLANCE

## COMPREHENSIVE & COORDINATED CYBER AFFAIRS

Australia pursues a comprehensive and coordinated international cyber affairs agenda

- **Enhance** understanding of Australia's comprehensive cyber affairs agenda
- **Increase** funding for Australia's international cyber engagement activities
- **Coordinate** and prioritise Australia's international cyber engagement activities

## DIGITAL TRADE

Maximise the opportunity for economic growth and prosperity through digital trade

- **Shape** an enabling environment for digital trade, including through trade agreements, harmonisation of standards, and implementation of trade facilitation measures
- **Promote** trade and investment opportunities for Australian digital goods and services

## CYBERCRIME

Stronger cybercrime prevention, prosecution and cooperation, with a focus on the Indo-Pacific

- **Raise** cybercrime awareness in the Indo-Pacific
- **Assist** Indo-Pacific countries to strengthen their cybercrime legislation
- **Deliver** cybercrime law enforcement and prosecution capacity building in the Indo-Pacific
- **Enhance** diplomatic dialogue and international information sharing on cybercrime

## INTERNATIONAL SECURITY & CYBERSPACE

A stable and peaceful online environment

- **Set** clear expectations of state behaviour in cyberspace
- **Implement** practical confidence building measures to prevent conflict
- **Deter** and respond to unacceptable behaviour in cyberspace

## INTERNET GOVERNANCE & COOPERATION

An open, free and secure Internet, achieved through a multi-stakeholder approach to Internet governance and cooperation

- **Advocate** for a multi-stakeholder approach to Internet governance that is inclusive, consensus-based, transparent and accountable
- **Oppose** efforts to bring the management of the Internet under government control
- **Raise** awareness across the Indo-Pacific of Internet governance issues and encourage engagement of regional partners in Internet governance and cooperation discussions

## HUMAN RIGHTS & DEMOCRACY ONLINE

Human rights apply online as they do offline

- **Advocate** for the protection of human rights and democratic principles online
- **Support** international efforts to promote and protect human rights online
- **Ensure** respect for and protection of human rights and democratic principles online are considered in all Australian aid projects with digital technology components

## TECHNOLOGY FOR DEVELOPMENT

Digital technologies are used to achieve sustainable development and inclusive economic growth in the Indo-Pacific

- **Improve** connectivity and access to the Internet across the Indo-Pacific, in collaboration with international organisations, regional governments and the private sector
- **Encourage** the use of resilient development-enabling technologies for e-governance and the digital delivery of services
- **Support** entrepreneurship, digital skills and integration into the global marketplace

## CYBER SECURITY

A strong and resilient cyber security posture for Australia, the Indo-Pacific and the global community

- **Maintain** strong cyber security relationships with international partners
- **Encourage** innovative cyber security solutions and deliver world leading cyber security advice
- **Develop** regional cyber security capability
- **Promote** Australia's cyber security industry
