AUSTRALIA-SINGAPORE
COMPREHENSIVE STRATEGIC PARTNERSHIP

Fact Sheet: Northern Australia Agribusiness Development Partnership

AUSTRALIA AND SINGAPORE HAVE REAFFIRMED OUR COMMITMENT TO WORK TOGETHER TO DEVELOP NORTHERN AUSTRALIA AT THE NORTHERN AUSTRALIA INVESTMENT FORUM IN NOVEMBER 2015.

This partnership aims to encourage Singaporean and Australian companies to work together towards the shared objectives of securing reliable supply chains for food and agribusiness products through investment-led development of northern Australia.

This will involve a program of activities to be in FY 2016-17 focused on encouraging and attracting Singaporean investment into northern Australia, commencing with Singapore bringing a group of committed investors to Australia to meet with state and territory governments, and being supported by a dedicated Austrade Northern Australian investment resource.
