Australia has an enduring interest in the stability and prosperity of Tuvalu. We are one of Tuvalu's largest bilateral development partners and recently established a diplomatic mission in the capital, Funafuti.

Strategic direction

Australia's development cooperation aligns with Tuvalu's development priorities and the Sustainable Development Goals to:

- strengthen **economic and financial management** systems;
- improve **basic service delivery**, particularly in the education and health sectors; and
- build **climate change adaptation and disaster preparedness and response**.

Across all our investments, Australia seeks to support Tuvalu's capacity to improve gender equality and disability inclusion.

Australia is supporting Tuvalu to host the 2019 Pacific Islands Forum.

In 2019, Australia will support 19 new Tuvaluan students to study at institutions in Australia and the region. A total of 60 Tuvaluan students are currently studying in Australia and across the region on **Australian scholarships**. Three **Australian Volunteers** will be deployed to Tuvalu in 2019.

Program highlights

- Australia is assisting Tuvalu to construct 12 **new classrooms** to reduce overcrowding and provide a better learning environment for school children.
- Australia has supported the Government of Tuvalu to undertake significant **economic reforms** in fiscal sustainability and **public financial management**. These reforms have increased the transparency and accountability of government services.
