ACKNOWLEDGEMENT of RECEIPT of SEALED GOODS

Explanatory Notes

ASO232............................. Samples collected and sealed by the IAEA must be sent to the IAEA with seals intact. The Permit Holder may seek reimbursement for such services as provided for under Article 15 of Australia’s safeguards agreement with the IAEA (i.e. Australia’s “Agency Agreement”).

Ref.No............................... A sequential reference number is required for each form of this type submitted by the Permit Holder (eg, 001, 002, 003, etc). Where amendments are made to a previously submitted form, please use the same reference with a sequential revision number (eg, 003-Rev.1).

Listing of sealed goods..... The seal number details should be cross-checked by a separate person in order to minimise transcription errors.

Handling requirements ..... ● The sealed goods listed in PART A of this form must be secured in a locked location before shipping;
● The sealed goods must not be tampered with in any way;
● Accidental seal breakage must be reported to ASNO immediately;
● Authorisation must given by ASNO before additional access to the contents of the sealed goods can be granted;
● Sealed goods must be sent to the destination address requested by the ASNO National Inspector, or IAEA Inspector;
● If the sealed goods exceed the quantities listed below:
    ◆ the courier must hold a current appropriate special transport permit granted under section 16 of the Nuclear Non-Proliferation (Safeguards) Act 1987; and
    ◆ a separate Form ASO106 must also be submitted to ASNO prior to export.
