2.2 Australia-ASEAN Council 2019 outcomes

The Australia-ASEAN Council (AAC) seeks to:
• Initiate and support influential persons and groups in Australia and South-East Asian countries, with activities that encourage a greater interest in the development of cooperation and collaboration between the countries, including trade and economic relations and people-to-people links;
• Promote cooperation between individuals and institutions in Australia and South-East Asian countries which enhance learning, teaching and research in areas of mutual interest;
• Broaden awareness and understanding in Australia and South-East Asian countries of each other’s culture, values and traditions through increased people-to-people capabilities, strengths and opportunities;
• Promote the Australia-ASEAN region relationship and foster relations through media and alumni activities in order to facilitate long-term bilateral links between Australia and the countries of South-East Asia; and
• Wherever possible the Council seeks to expand people-to-people and institutional links through partnerships with other organisations and seed funding of projects.

The Council's mandate is to cover the ten countries of ASEAN: Brunei, Cambodia, Indonesia, Laos, Malaysia, Burma, the Philippines, Singapore, Thailand and Vietnam.

The funding priorities of the Australia-ASEAN Council 2019 grant round are:
• Increase people-to-people linkages between Australia and South-East Asian countries, particularly between people and institutions that have the capacity to influence others;
• Increase knowledge and understanding in Australia of South-East Asian countries, and the opportunities they present; and
• Enhance awareness and understanding in Australia and South-East Asia of each other's cultures, values and traditions.
Knowledge development is the overarching theme for the grant round. Funding priorities will focus on women in leadership, collaboration and innovation across three key sectors:

a. Trade and economic development
b. Technology and entrepreneurship
c. Culture and education

A key consideration for the Australia-ASEAN Council is the community outreach and connectivity of your project.

The Australia-ASEAN Council will this year look favourably on projects that align with the Focus Country Program – ASEAN Now 2019. Information on this program can be found at https://dfat.gov.au/people-to-people/public-diplomacy/australia-now/Pages/australia-now.aspx.

3. GRANT AMOUNT

Between $250,000 and $500,000 in 2019-20 is available for this grant opportunity, subject to appropriation, starting in July 2019.

Grant applications for a minimum of $10,000 or maximum of $50,000 per year will be considered.

Co-contributions from you and other parties strengthen your application.

It is anticipated that most grants will be between $20,000 and $40,000 per year, depending on the scope of the grant activity and its complexity.

4. GRANT ELIGIBILITY CRITERIA

We cannot consider your application if it does not satisfy all the eligibility criteria.

4.1 Who is eligible to apply for a grant?

To be eligible you must:

- be one of the following entity types:
  - an Australian entity with an Australian Business Number (ABN) or Australian Company Number (ACN)
  - a consortium with a lead organisation
  - a registered charity or not-for-profit organisation
  - an Australian local government body
  - an Australian State/Territory government body
  - a corporate Commonwealth entity
  - an Australian statutory authority
  - be an Australian or permanent resident of Australia

- and be willing to provide or develop child protection guidelines for your project if it involves people under the age of 18 years.

---

2 The Australian Government recognises that some organisations may seek to form consortia in order to apply for a grant under the Program. Consortia are eligible to apply and the relevant conditions applicable to consortia are at 8.6 ‘Grant Applications from Consortia’
Applications from consortia are acceptable, provided you have a lead applicant who is the main driver of the project and is eligible as per the list above.

Individuals who intend the grant to be administered by a university should apply on behalf of the university, i.e. your university is the applicant.

4.2 Who is not eligible to apply for a grant?
You are not eligible to apply if you are:
- Not an Australian, a permanent resident of Australia or an Australian organisation
- A previous applicant who has failed to provide a full and proper acquittal of an earlier IRGP grant.
  - You may provide an interim report with the agreement of the relevant Secretariat where existing grant funding will be expended prior to the commencement of the new grant requested.

5. ELIGIBLE GRANT ACTIVITIES

5.1 What can the grant money be used for?
You must use the grant for the following activities:
- The project outlined within the application.

You can use the grant to pay for costs detailed in your budget and grant agreement, including:
- Economy flights, modest accommodation costs, meals and travel allowances, other transport
- Communication and translation
- Venue hire and catering,
- Advertising and promotion, graphic design, photography and printed material,
- Production costs, including freight and artists’ wages
- Only one participant per conference or meeting and only where the participant is a principal speaker and the subject of the conference is of direct relevance to the grant opportunity.

You can only spend grant funds on eligible grant activities as defined in the grant details in your grant agreement.

5.2 What the grant money cannot be used for?
You cannot normally use the grant for the following:
- capital expenditure, including purchase of real estate and vehicles
- purchase of equipment (for example, musical instruments, computers, videos, photographic or printing equipment)
- the covering of retrospective costs or recurrent funding of activities
- activities which are already commercially viable in their own right
- activities which will provide commercial advantage to the applicant (e.g. promotion of the applicant’s own business)
- costs incurred in the preparation of a grant application or related documentation
- subsidy of general ongoing administration of an organisation such as electricity, phone, rent, salaries (including for research assistants or administrative staff), honorariums or administrative charges levied by the applicant’s organisation,
• activities for which other Commonwealth, State, Territory or Local Government bodies have primary responsibility (e.g. academic research, assistance to business, development assistance projects),
• scholarships to individual students, and
• completed projects.

We do not generally fund travel and accommodation for attendance at conferences or meetings, participation in fieldwork or sporting or other events, unless such activities are considered by the Board to be of direct relevance to its objectives. To be considered, a substantial program should exist in the sidelines or around the conference and there should also be a strong argument for the selection of applicant(s).

6. THE GRANT SELECTION PROCESS

First we will assess your application against the eligibility criteria. Only eligible applications will move to the next stage. Eligible applications will be considered through an open competitive grant process.

We will then assess your application against the criteria set out below and against other applications. Your application will be considered on its merits, based on:

• how well it meets the criteria
• how it compares to other applications
• whether it provides value for money and
• whether it will ensure a reasonable spread of projects across priority sectors and across the targeted country or regions.

7. THE ASSESSMENT CRITERIA

You will need to address all of the following assessment criteria in your application. The amount of detail and supporting evidence you provide in your application should be relative to the project size, complexity and grant amount requested. The application form includes word limits.

Selection Criterion 1 – Innovation

You need to demonstrate that the proposal is either a new idea or an adaptation from another similar project and is not already being developed or carried out within the target area by any other organization. The proposal must demonstrate how it will address the goals and objectives of the AAC. The application should articulate the need or issue being addressed by the proposition, and provide relevant background or contextual information.

a. Aligns with the AAC’s goals and objectives

   For example:

   o How will your project align with the AAC objectives?
   o How will your project promote a positive and contemporary image of Australia?
   o How will your project strengthen relationships with key regional partners and/or improve sector access and development?

b. Demonstrates innovative ideas and/or approaches

   For example:

   o Is the proposal a new idea or an adaptation from a similar project that is not already being developed or carried out within the target area by another organisation?
How does it show innovation, conceptually or in its delivery?

c. Demonstrates why there is a need for the project
   For example:
   o What is the need to be addressed by the project?
   o What will be the audience reach of your project?
   o What marketing and publicity tools will you use to reach a wider audience?
   o How will you engage with and involve the community in Australia and/or particular country in the region?
   o What relationships with local partners do you already have or intend to build as part of your project and how will you do this?

Selection Criterion 2 – Impact

Tangible, positive results for end users or target communities are an essential requirement of the proposal. The application should describe the anticipated outcomes of achieving project objectives, and how the success of the project will be measured. It should also describe the future sustainability of the project outcomes post-completion. The applicant must also demonstrate an understanding of the end users or target communities, their demographics, the difference this project will make, and any flow-on effects for the broader industry or community.

   a. Achieves tangible positive results for end-users or target communities
      For example:
      o How have you taken the local context into account in the design of your project?
      o Have you consulted with DFAT missions overseas or local partners about what is appealing, appropriate and acceptable to local audiences and/or participants?
      o Does the proposal demonstrate an understanding of the target communities?
      o Which groups in the community will benefit and how will this be sustained?
      o Are there flow-on benefits for the broader sector, other sectors or communities?

   b. Demonstrates what outcomes will be achieved and how these will be measured for success and effectiveness.

   c. What measures will you have in place to support sustainable and ongoing links between Australia and the people of your focus country/region?

Selection Criterion 3 – Approach

The approach needs to be clearly described, showing the path to achieving the project objectives. Applicants must demonstrate that the project proposal is supported by a thorough planning process. The application should include key elements of the project plan, including a high-level work breakdown detailing major project activities, budget, schedule and milestones, and information about how the project will be managed and governed.

   a. What activities are you undertaking to deliver your project? For instance, seminars, workshops, functions, etc?
      For example:
o Are the activities identified the most effective way to achieve people-to-people and institutional links?

o Is there a clear project plan with appropriate timeframes to achieve the project deliverables?

b. Is the proposal financially viable and are the requests for funding reasonable in the context of the overall project?

For example:

- What are the other sources of funding?
- What impact will AAC funding have on your ability to deliver the project?
- How does the project deliver the best value for money in the context of the AAC’s goals and objectives?

c. How do you intend to communicate before, during and after your intended activities to reach a broad audience and strengthen people-to-people links, including through the use of digital platforms.

Selection Criterion 4 - Team

The proposal must detail the organisations and people that will be involved in the project team, including any sub-contractor arrangements. Applicants need to demonstrate that the team has the right balance of skills and expertise required to develop the project and deliver the outcomes, and a track record in managing a project that delivers outcomes at an operational level. The applicant must also provide evidence of a partner in South-East Asia.

a. What is the capacity and experience of the individual/project team to deliver the proposed outcomes?

For example:

- Does the team proposed have the right balance of skills and expertise to develop the proposal and deliver the outcomes?
- Is the proposal conducted by an applicant with a partner in the region?
- What experience do you have delivering projects overseas, or comparable experience delivering similar activities in Australia?
- Were these projects successful? What outcomes did they achieve?
- What experience does your partner have with implementing projects in the region?
- Were these projects successful? What outcomes did they achieve?

b. Has a letter of support/confirmation been provided from your partner in the region?

In assessing applications for such activities, the Council considers whether:

- the activity would involve a sharing or transfer of expertise from which institutions or individuals in both countries would benefit, and in ways that would directly advance the Council’s objectives
- the activity includes a wider program that would directly advance the Council’s objectives
- the activity would result in an expansion of links in new areas in ways consistent with the Council’s objectives
alternative sources of funding are either unavailable, or have been adequately explored.

Regarding funding attendance at conferences or meetings, the Council will normally apply the following additional criteria:

- only one participant per conference or meeting will be funded
- the conference or meeting participant should be a principal speaker, and a copy of any paper presented by the participant is to be provided to AAC together with the report on the activity
- modest accommodation and economy class travel will be funded.

Preference will be given to multilateral projects. Very strong bilateral proposals will also be considered.

All assessment criteria are given equal weighting and the application must be rated satisfactory or higher against each individual criterion.

When preparing the application, applicants should bear in mind that the assessment committee may not be familiar with the applicant, the organisation or the field of activity. As the committee’s recommendation will be primarily based on the information provided in the application form, this document should be clear, accurate, comprehensive and focused.

8.5 Attachments to the application

The following documents must be included with your application:

- two short signed independent references;

- if you apply on behalf of a university, a letter of support from your Research Office.

Your supporting documentation should be attached to the application form. There will be instructions in the application form to help you. Only attach the documents you have been asked to include.

Among applications from universities, the most competitive applications will be those with letters of support from the relevant Research Office highlighting the alignment of the proposed project to the Australia-ASEAN Council, the relevance of the project to the University’s strategic goals in the relevant country and demonstrating that the project is not
more appropriately funded by the Australia Research Council or alternative Commonwealth funding body.

8.6 Applications from consortium

Some organisations may apply as a consortium to deliver grant activities. A consortium is two or more organisations who are working together to combine their capabilities when developing and delivering a grant activity.

If you are submitting a grant application on behalf of a consortium, a member organisation or a newly created organisation must be appointed as the ‘lead organisation’. Only the lead organisation will enter into a grant agreement with the Commonwealth and will be responsible for the grant. The lead organisation must complete the application form and identify all other members of the proposed consortium in the application. The application must include a letter of support from each organisation involved in the grant. Each letter of support should include:

- an overview of how the consortium will work together to complete the grant activity
- an outline of the relevant experience and/or expertise of the consortium members
- the roles/responsibilities of consortium members and the resources they will contribute (if any)
- details of a nominated management level contact officer
- details of the lead organisation.

8.8 Further grant opportunities

The Australia-ASEAN Council aims to allocate all grant funding during the annual grants round and is typically over-subscribed with suitable applications each year. If there are not enough suitable applications to meet the program’s objectives, the Department of Foreign Affairs and Trade may consider applications received during the financial year, subject to
available funding through direct selection or restricted processes. All potential grants will still be considered against the outcomes of the program (and/or criteria in these guidelines) and value for money.

9. ASSESSMENT OF GRANT APPLICATIONS

9.1 Who will assess applications?

The Board of the Australia-ASEAN Council will assess each application. Board members are listed on the Australia-ASEAN Council website. Board members are treated as Commonwealth officials due to their role in the assessment process in accordance with Part 1, section 2.8 of the CGRGs and the Public Governance, Performance and Accountability Act.

While an application may meet the assessment criteria, a grant is not guaranteed.

The Australia-ASEAN Council Secretariat, within the Department of Foreign Affairs and Trade, will provide information and advice to the Board to assist its determination of policy and its assessment of grant applications.

The Board may seek additional input from relevant Australian missions overseas about you or your application. They may also seek additional information from other Commonwealth agencies, even if the sources are not nominated by you as referees. The Board may also consider information about you or your application that is available through the normal course of business.

If the selection process identifies unintentional errors in your application, you may be contacted to correct or explain the information.

9.2 Who will approve grants?

The assessment committee will make recommendations to the First Assistant Secretary, South-East Asia Division, or his/her delegate within the Department of Foreign Affairs and Trade. The delegate will make the final decision to approve a grant.

The delegate’s decision is final in all matters, including:

- the approval of the grant
- the grant funding amount to be awarded.

The delegate will not approve funding if they reasonably consider the program funding available will not accommodate the funding offer, and/or the application does not represent value for money.

The Australia-ASEAN Council reserves the right to offer less funding than that sought by the applicant.

There is no appeal mechanism for decisions to approve or not approve a grant.

10. NOTIFICATION OF APPLICATION OUTCOMES

You will be advised of the outcomes of your application in writing, following a decision by the delegate. If you are successful, you will also be advised about any specific conditions attached to the grant.

If you are unsuccessful, you may submit a new application for the same project (or a similar project) in any future grant opportunity rounds. You may wish to include new or more information to address any weaknesses that may have prevented your previous application from being successful.
10.1 Feedback on your application

If you are unsuccessful, you may ask for feedback from the Department of Foreign Affairs and Trade within one month of being advised of the outcome. The Department of Foreign Affairs and Trade will give verbal feedback within one month of feedback being requested.

11. SUCCESSFUL GRANT APPLICATIONS

11.1 The grant agreement

If you are successful, you must enter into a legally binding grant agreement with the Commonwealth represented by the Department of Foreign Affairs and Trade. Standard terms and conditions for the grant agreement will apply and cannot be changed. Any additional conditions attached to the grant will be identified in the grant offer or during the grant agreement negotiations.

You will be required to:

- complete a brief communications outline within two weeks of accepting the grant offer,
- provide a final report, including financial acquittal, using the online template within 60 days of project completion,
- for multi-year grants, complete interim reports once a year using the online template, and
- where conference or meeting participation of a principal speaker is funded, a copy of the paper presented by the participant in addition to the report.

The Department of Foreign Affairs and Trade will negotiate agreements with successful applicants by 30 September 2019. If there are unreasonable delays in finalising a grant agreement, the grant offer may be withdrawn and the grant may be awarded to a different applicant.

Where a grantee fails to meet the obligations of the grant agreement, the Department of Foreign Affairs and Trade may withhold or suspend the funding to the grantee; and/or require the grantee to repay all or part of the grant. No compensation is payable by the Department for termination in these circumstances.

You should not make financial commitments until a grant agreement has been executed by the Commonwealth.

11.2 How the grant will be paid

The grant agreement will state the:

- maximum grant amount to be paid.

We will not exceed the maximum grant amount under any circumstances. If you incur extra eligible expenditure, you must pay it yourself.

We will make an initial payment on execution of the grant agreement and on receipt of a valid invoice. For multi-year grants, we will make subsequent payments, detailed in the grant agreement, progressively based on your interim reports, including acquittals, and receipt of a valid invoice. All grants are awarded in Australian dollars. You are responsible for any financial differences that may occur from the time of the application submission to when the project takes place, due to fluctuations in the exchange rate.
11.3 Grant agreement variations

We recognise that unexpected events may affect the progress of a project. In these circumstances, you can request a project variation, including:

- changing project milestones consistent with the original intent of the project
- extending the timeframe for completing the project for a reasonable period of time
- changing the allocations across budget items

The program does not allow for:

- an increase to the agreed amount of grant funds

If you want to propose changes to the grant agreement, you must put them in writing before the grant agreement end date. Contact the Australia-ASEAN Council Secretariat for further information. We will not consider changes after the grant agreement end date.

You should not assume that a variation request will be successful. We will consider your request based on factors such as:

- how it affects the project outcome
- consistency with the program policy objective and any relevant policies of the department
- changes to the timing of grant payments
- availability of program funds.

12. Announcement of Grants

If successful, your grant will be listed on the website of the Department of Foreign Affairs and Trade and/or GrantConnect within 21 days of the date of effect as required by Section 5.3 of the CGRGs.

13. Delivery of Grant Activities

13.1 Your responsibilities

- progress against your communications plan actively deepening international relationships and promoting your project and the council;

- contributions of participants directly related to the project;

13.3 Grant payments and GST

If you receive a grant, you should consider speaking to a tax advisor about the effect of receiving a grant before you enter into a grant agreement. You can also visit the Australian Taxation Office website at [www.ato.gov.au](http://www.ato.gov.au) for more information.

13.4 Evaluation

The Department of Foreign Affairs and Trade will evaluate the Australia-ASEAN Council 2019 activities to measure how well the outcomes and objectives have been achieved. Your grant agreement requires you to provide information to help with this evaluation.

14. PROBITY

The Australian Government will make sure that the program process is fair, according to the published guidelines, incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct and is consistent with the CGRGs.

**Note:** These guidelines may be changed from time-to-time by the Department of Foreign Affairs and Trade. When this happens the revised guidelines will be published on the Department’s website at [http://dfat.gov.au/councils](http://dfat.gov.au/councils).

14.1 Complaints process

All complaints about a grant process must be lodged in writing with the Secretariat.

Any questions you have about grant decisions for the Program should be sent to AAC@dfat.gov.au.

If you do not agree with the way the Department of Foreign Affairs and Trade has handled your complaint, you may complain to the Commonwealth Ombudsman. The Ombudsman will not usually look into a complaint unless the matter has first been raised directly with the Department of Foreign Affairs and Trade.

The Commonwealth Ombudsman can be contacted on:  
- Phone (Toll free): 1300 362 072  
- Email: ombudsman@ombudsman.gov.au  
- Website: [www.ombudsman.gov.au](http://www.ombudsman.gov.au)

14.2 Conflict of interest

Any conflicts of interest could affect the performance of the grant. There may be a conflict of interest, or perceived conflict of interest, if the Department of Foreign Affairs and Trade staff, any member of the assessment committee and/or you or any of your personnel:

- has a professional, commercial or personal relationship with a party who is able to influence the application selection process, such as an Australian Government officer  
- has a relationship with an organisation which is likely to interfere with or restrict the applicants from carrying out the proposed activities fairly and independently or  
- has a relationship with, or interest in, an organisation from which they will receive personal gain because the organisation receives funding under the Program.

You will be asked to declare, as part of your application, any perceived or existing conflicts of interests or that, to the best of your knowledge, there is no conflict of interest.

If you later identify that there is an actual, apparent, or potential conflict of interest or that one might arise in relation to a grant application, you must inform the Department of Foreign Affairs and Trade in writing immediately. Committee members and other officials including the decision maker must also declare any conflicts of interest.

The chair of the Assessment Committee will be made aware of any conflicts of interest and will handle them as set out in Australian Government policies and procedures. Conflicts of interest for Australian Government staff will be handled as set out in the Australian Public Service Code of Conduct (Section 13(7)) of the *Public Service Act 1999*. We publish our conflict of interest policy, available on the Department of Foreign Affairs and Trade website.

14.4 Freedom of information

All documents in the possession of the Australian Government, including those about the Program, are subject to the Freedom of Information Act 1982 (FOI Act).

The purpose of the FOI Act is to give members of the public rights of access to information held by the Australian Government and its entities. Under the FOI Act, members of the public can seek access to documents held by the Australian Government. This right of access is limited only by the exceptions and exemptions necessary to protect essential public interests and private and business affairs of persons in respect of whom the information relates.
