2.1 About the Australia-Japan Foundation 2019
These guidelines contain information for the Australia-Japan Foundation 2019 grants. This grant opportunity is part of the International Relations Grants Program.

This document sets out:

- the purpose of the grant opportunity
- the eligibility and assessment criteria
- how grant applications are monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

You must read this document before filling out an application.
2.2 Australia-Japan Foundation outcomes

The Australia-Japan Foundation seeks to advance Australia’s engagement with Japan by supporting people-to-people linkages; amplifying and shifting perceptions of Australia in Japan to reflect contemporary Australia; and facilitating the promotion of the inventive, innovative capabilities that Australia brings to Australia-Japan collaborations across broad and ever sophisticated sectors. The Australia-Japan Foundation also seeks to bring to the fore, awareness of the ongoing vital importance of Australia and Japan on each other’s foreign and trade policies by facilitating informed discussions.

The objectives of the Australia-Japan Foundation are:

1. to increase awareness and understanding in Japan of shared interests with Australia;
2. to increase awareness and understanding in Australia of the importance of Japan to Australia as an economic and strategic partner; and
3. to increase recognition in Japan of Australian excellence and expertise.

(AJF Orders in Council, 30 November 2006)

To achieve its objectives, the AJF will prioritise high quality publications of quality books related to Australian Studies in Japan. These publications should be written in the Japanese language although a case for a text in English may be considered by the Australia-Japan Foundation Board.

Publication Awards are open to academics and researchers who are based in Japan and who wish to publish works in Japan. Publications should focus on issues of mutual relevance and interest relating to Australia and Japan.

Publications eligible for the Award include contemporary works on Australian society in areas such as: economics and trade; environment/environmental issues; ethnicities and multiculturalism; film, media and communication; history; gender studies; Indigenous Australia; the arts; literature; politics; regional and international security issues; and tourism. Other topics may be nominated.

The key objective of the Publication Awards is to deepen knowledge and understanding of the Australia-Japan relationship in Japan. Publication Award funding is intended to provide assistance for:

- books written about Australia in Japanese by academics and researchers based in Japan which are scheduled for publication;
- translation into Japanese of Australian-authored books on Australia-related issues which are scheduled for publication; and/or
- Japanese editions of books resulting from joint research by Australian and Japanese academics on Australia-related issues which are scheduled for publication.

Those receiving an Australia-Japan Foundation Publication Award must also include an effective ‘public diplomacy’ or communications plan for the publication’s promotion once it is publicised. The awardee should seek to generate positive and effective media coverage and commentary on their publication.

If you are unsure about whether your topic will be suitable under this Award or have any other questions, please contact the AJF Officer, Australian Embassy in Tokyo by email at ajf.japan@dfat.gov.au.
3. Grant amount
The Australia-Japan Foundation grant process is very competitive which often means that unfortunately not all projects that satisfy the guidelines can be funded. In the past, three to five Publication Awards of $10,000 each have been granted annually.

Co-contributions from you and other parties strengthen your application.

Up to $10,000 will be awarded per publication in the 2019 AJF Publication Award round.

4. Grant eligibility criteria
We cannot consider your application if it does not satisfy all the eligibility criteria.

4.1 Who is eligible to apply for a grant?
To be eligible you must be a Japanese academic or researcher who is either:
- a Japanese citizen or
- a Japanese organisation
- be prepared to submit a Child Protection code of conduct if your grant activity involves children (those under the age of 18 years).

Applications from consortia are acceptable, provided you have a lead applicant who is the main driver of the project and is eligible as per the list above.

4.2 Who is not eligible to apply for a grant?
You are not eligible to apply if you are:
- Not Japanese or a Japanese organisation.
- Not able to obtain the appropriate type and level of insurance for the activities that are the subject of your grant proposal.
- A previous applicant who has failed to provide a full and proper acquittal of an earlier IRGP grant.
  - You may provide an interim report with the agreement of the relevant Secretariat where existing grant funding will be expended prior to the commencement of the new grant requested.

5. Eligible grant activities

5.1 What can the grant money be used for?
You must use the grant for the following activities:
- The project outlined within the application.
- Projects that start between 1 July 2019 and 30 June 2020.

You can use the grant to pay for costs detailed in your budget and grant agreement, including:
- Publication costs
- Translation costs (only for English-language materials to Japanese).

You can only spend grant funds on eligible grant activities as defined in the grant details in your grant agreement.
5.2 What the grant money cannot be used for?
You cannot normally use the grant for the following:

- capital expenditure, including purchase of real estate and vehicles
- purchase of equipment (for example, musical instruments, computers, videos, photographic or printing equipment)
- the covering of retrospective costs or recurrent funding of activities
- activities which are already commercially viable in their own right
- activities which will provide commercial advantage to the applicant (e.g. promotion of the applicant's own business)
- costs incurred in the preparation of a grant application or related documentation
- subsidy of general ongoing administration of an organisation such as electricity, phone, rent, salaries (including for research assistants or administrative staff), honorariums or administrative charges levied by the applicant's organisation,
- activities for which other Commonwealth, State, Territory or Local Government bodies have primary responsibility (e.g. academic research, assistance to business, development assistance projects),
- activities undertaken by primary or high schools, including study tours, where travel by a significant number of students is the principal element of the proposal
- scholarships to individual students, and
- completed projects.

We do not generally fund travel and accommodation for attendance at conferences or meetings, participation in fieldwork or sporting or other events, unless such activities are considered by the Board to be of direct relevance to its objectives. To be considered, a substantial program should exist in the sidelines or around the conference and there should also be a strong argument for the selection of applicant(s).

6. The grant selection process
First we will assess your application against the eligibility criteria. Only eligible applications will move to the next stage. Eligible applications will be considered through an open competitive grant process.

We will then assess your application against the criteria set out below and against other applications. Your application will be considered on its merits, based on:

- how well it meets the criteria
- how it compares to other applications
- whether it provides value for money and
- whether it will ensure a reasonable spread of projects across priority sectors and across the targeted country or regions.

7. The assessment criteria
You will need to address all of the following assessment criteria in your application. The amount of detail and supporting evidence you provide in your application should be relative to the project size, complexity and grant amount requested. The application form includes word limits.

Criterion 1: Relevance: the extent to which the publication will contribute to and strengthen the level of knowledge and understanding of the Australia-Japan relationship.

Criterion 2: Capability and capacity: Confirmation from your Publisher that your area of research will be suitable for publication by June 2018.
8. The grant application process

8.1 Overview of application process
You must read these grant guidelines, the application form, the Australia-Japan Foundation Strategic Plan, the draft grant agreement and the sample final report before you submit an application.

You must contact the Australian Government diplomatic mission in the countries of proposed engagement to provide an overview of your project.

You are responsible for ensuring that your application is complete and accurate. Giving false or misleading information will exclude your application from further consideration.

You must address all of the eligibility and assessment criteria and provide two short signed independent references to be considered for a grant. Please complete each section of the application form and make sure you provide the information we have requested.

Please keep a copy of your application and any supporting papers.

We will acknowledge that we have received your grant application, through an automated email from the online grants management system, SmartyGrants, within one working day.

8.4 Completing the grant application
This is an online application form that you can submit electronically through SmartyGrants: www.dfat.smartygrants.com.au/AJF2019
A preview of the application form can be found here and the application form includes help information.

If you have any technical difficulties please contact SmartyGrants Help Desk (service@smartygrants.com.au, +61 3 9320 6888 between 9am and 5pm Monday to Friday).

The Department of Foreign Affairs and Trade will not provide application forms or accept applications for this grant opportunity by fax or mail.

You must make sure that your application is complete and accurate and submitted in accordance with these Guidelines and application form.

You cannot change your application after the closing date and time without prior approval by the Secretariat.

If you find a mistake in your application after it has been submitted or if there are changes to contact details or other information pertinent to the completion of the project, you should contact the Secretariat straight away. The Department of Foreign Affairs and Trade may ask you for more information, as long as it does not change the substance of your application. The Department of Foreign Affairs and Trade does not have to accept any additional information, nor requests applicants to correct applications after the closing time.

### 8.5 Attachments to the application

The following documents must be included with your application:

- two short signed independent references;
- letter of support from nominated partners (if relevant);
- organisation capability statement or individual’s curriculum vitae (optional); and
- if you apply on behalf of a university, a letter of support from your Research Office.

Your supporting documentation should be attached to the application form. There will be instructions in the application form to help you. Only attach the documents you have been asked to include.

Among applications from universities, the most competitive applications will be those with letters of support from the relevant Research Office highlighting the alignment of the proposed project to the Australia-Japan Foundation, the relevance of the project to the University’s strategic goals in the relevant country and demonstrating that the project is not more appropriately funded by the Australia Research Council or alternative Commonwealth funding body.

### 8.6 Applications from consortium

Some organisations may apply as a consortium to deliver grant activities. A consortium is two or more organisations who are working together to combine their capabilities when developing and delivering a grant activity.

If you are submitting a grant application on behalf of a consortium, a member organisation or a newly created organisation must be appointed as the ‘lead organisation’. Only the lead organisation will enter into a grant agreement with the Commonwealth and will be responsible for the grant. The lead organisation must complete the application form and identify all other members of the proposed consortium in the application. The application must include a letter of support from each organisation involved in the grant. Each letter of support should include:
International Relations Grants Program: Australia-Japan Foundation 2019 Publication Awards Guidelines

- an overview of how the consortium will work together to complete the grant activity
- an outline of the relevant experience and/or expertise of the consortium members
- the roles/responsibilities of consortium members and the resources they will contribute (if any)
- details of a nominated management level contact officer
- details of the lead organisation.

8.7 Questions during the application process
If you have any questions during the application period, please contact Australia-Japan Foundation Secretariat, (02) 6261 3898, or AJF.Australia@dfat.gov.au. The Department of Foreign Affairs and Trade undertakes to respond to emailed questions within five working days.

Questions should be sent no later than 21 March 2019.

Applicants may speak with the Australia-Japan Foundation Secretariat in their first language by telephoning the Translating and Interpreting Service on 131 450 (local call anywhere in Australia) and asking to be connected with the Secretariat.

Aboriginal or Torres Strait Islander applicants may wish to access assistance in submitting an application where English is not their first language. In these cases, applicants may contact an Indigenous language centre for assistance.

8.8 Further grant opportunities
The Australia-Japan Foundation aims to allocate all grant funding during the annual grants round and is typically over-subscribed with suitable applications each year. If there are not enough suitable applications to meet the program’s objectives, the Department of Foreign Affairs and Trade may consider applications received during the financial year, subject to available funding through direct selection or restricted processes. All potential grants will still be considered against the outcomes of the program (and/or criteria in these guidelines) and value for money.

9. Assessment of grant applications

9.1 Who will assess applications?

The Board of the Australia-Japan Foundation will assess each application. Board members are listed on the Australia-Japan Foundation website. Board members are treated as Commonwealth officials due to their role in the assessment process in accordance with Part 1, section 2.8 of the CGRGs and the Public Governance, Performance and Accountability Act.

While an application may meet the assessment criteria, a grant is not guaranteed.

The Australia-Japan Foundation Secretariat, within the Department of Foreign Affairs and Trade, will provide information and advice to the Board to assist its determination of policy and its assessment of grant applications.

The Board may seek additional input from relevant Australian missions overseas about you or your application. They may also seek additional information from other Commonwealth agencies, even if the sources are not nominated by you as referees. The Board may also consider information about you or your application that is available through the normal course of business.
If the selection process identifies unintentional errors in your application, you may be contacted to correct or explain the information.

9.2 Who will approve grants?
The assessment committee will make recommendations to the [First] Assistant Secretary, [Division/Branch name], or his/her delegate within the Department of Foreign Affairs and Trade. The delegate will make the final decision to approve a grant.

The delegate’s decision is final in all matters, including:

- the approval of the grant
- the grant funding amount to be awarded.

The delegate will not approve funding if they reasonably consider the program funding available will not accommodate the funding offer, and/or the application does not represent value for money.

The Australia-Japan Foundation reserves the right to offer less funding than that sought by the applicant.

There is no appeal mechanism for decisions to approve or not approve a grant.

10. Notification of application outcomes
You will be advised of the outcomes of your application in writing, following a decision by the delegate. If you are successful, you will also be advised about any specific conditions attached to the grant.

If you are unsuccessful, you may submit a new application for the same project (or a similar project) in any future grant opportunity rounds. You may wish to include new or more information to address any weaknesses that may have prevented your previous application from being successful.

10.1 Feedback on your application
If you are unsuccessful, you may ask for feedback from the Department of Foreign Affairs and Trade within one month of being advised of the outcome. The Department of Foreign Affairs and Trade will give verbal feedback within one month of feedback being requested.

11. Successful grant applications

11.1 The grant agreement
If you are successful, you must enter into a legally binding grant agreement with the Commonwealth represented by the Department of Foreign Affairs and Trade. Standard terms and conditions for the grant agreement will apply and cannot be changed. Any additional conditions attached to the grant will be identified in the grant offer or during the grant agreement negotiations.

You will be required to:

- complete a brief communications outline within two weeks of accepting the grant offer,
- provide a final report, including financial acquittal, using the online template within 60 days of project completion,
- for multi-year grants, complete interim reports once a year using the online template, and
where conference or meeting participation of a principal speaker is funded, a copy of the paper presented by the participant in addition to the report.

The Department of Foreign Affairs and Trade will negotiate agreements with successful applicants by 30 September 2019. If there are unreasonable delays in finalising a grant agreement, the grant offer may be withdrawn and the grant may be awarded to a different applicant.

Where a grantee fails to meet the obligations of the grant agreement, the Department of Foreign Affairs and Trade may withhold or suspend the funding to the grantee; and/or require the grantee to repay all or part of the grant. No compensation is payable by the Department for termination in these circumstances.

You should not make financial commitments until a grant agreement has been executed by the Commonwealth.

11.2 How the grant will be paid

The grant agreement will state the:

- maximum grant amount to be paid.

We will not exceed the maximum grant amount under any circumstances. If you incur extra eligible expenditure, you must pay it yourself.

We will make an initial payment on execution of the grant agreement and on receipt of a valid invoice. For multi-year grants, we will make subsequent payments, detailed in the grant agreement, progressively based on your interim reports, including acquittals, and receipt of a valid invoice.

All grants are awarded in Australian dollars. However, if you are based in Japan, the payment will be made in Japanese yen up to the equivalent value in Australian dollars. You should allow for the exchange fees in your project budget. You are responsible for any financial differences that may occur from the time of the application submission to when the project takes place, due to fluctuations in the exchange rate.

11.3 Grant agreement variations

We recognise that unexpected events may affect the progress of a project. In these circumstances, you can request a project variation, including:

- changing project milestones consistent with the original intent of the project
- extending the timeframe for completing the project for a reasonable period of time
- changing the allocations across budget items

The program does not allow for:

- an increase to the agreed amount of grant funds

If you want to propose changes to the grant agreement, you must put them in writing before the grant agreement end date. Contact the Australia-Japan Foundation Secretariat for further information. We will not consider changes after the grant agreement end date.
You should not assume that a variation request will be successful. We will consider your request based on factors such as:

- how it affects the project outcome
- consistency with the program policy objective and any relevant policies of the department
- changes to the timing of grant payments
- availability of program funds.

12. Announcement of grants

If successful, your grant will be listed on the website GrantConnect (www.grants.gov.au) and on the Department of Foreign Affairs and Trade website within 21 days of the date of effect as required by Section 5.3 of the CGRGs.

13. Delivery of grant activities

- contributions of participants directly related to the project;

and payments.

Funding under this grants program does not imply that the Department of Foreign Affairs and Trade
endorses the views of recipients involved in any funded activity.

13.3 Grant payments and GST
Payments will be made as set out in the grant agreement. Where appropriate, payments will be GST
Inclusive.

If you receive a grant, you should consider speaking to a tax advisor about the effect of receiving a
grant before you enter into a grant agreement. You can also visit the Australian Taxation Office

13.4 Evaluation
The Department of Foreign Affairs and Trade will evaluate the Australia-Japan Foundation 2019
activities to measure how well the outcomes and objectives have been achieved. Your grant
agreement requires you to provide information to help with this evaluation.

13.5 Publicity and acknowledgement
The Australia-Japan Foundation logo/Australian Government crest is to be used on all materials
related to grants under the Program. Whenever the logo/crest is used the publication must also
acknowledge the Commonwealth as follows:

‘This activity received grant funding from the Australia-Japan Foundation of the Department of
Foreign Affairs and Trade.’

Invitations to board members and/or officers of the Department of Foreign Affairs and Trade to
represent the Australian Government support for the project are highly desirable and coordinated
through AJF.Australia@dfat.gov.au.

14. Probity
The Australian Government will make sure that the program process is fair, according to the
published guidelines, incorporates appropriate safeguards against fraud, unlawful activities and
other inappropriate conduct and is consistent with the CGRGs.

Note: These guidelines may be changed from time-to-time by the Department of Foreign Affairs and
Trade. When this happens the revised guidelines will be published on the Department’s website at

14.1 Complaints process
All complaints about a grant process must be lodged in writing with the Secretariat.
Any questions you have about grant decisions for the Program should be sent to AJF.Australia@dfat.gov.au.

If you do not agree with the way the Department of Foreign Affairs and Trade has handled your complaint, you may complain to the Commonwealth Ombudsman. The Ombudsman will not usually look into a complaint unless the matter has first been raised directly with the Department of Foreign Affairs and Trade.

The Commonwealth Ombudsman can be contacted on: Phone (Toll free): 1300 362 072 Email: ombudsman@ombudsman.gov.au Website: www.ombudsman.gov.au

14.2 Conflict of interest

Any conflicts of interest could affect the performance of the grant. There may be a conflict of interest, or perceived conflict of interest, if the Department of Foreign Affairs and Trade staff, any member of the assessment committee and/or you or any of your personnel:

- has a professional, commercial or personal relationship with a party who is able to influence the application selection process, such as an Australian Government officer
- has a relationship with an organisation which is likely to interfere with or restrict the applicants from carrying out the proposed activities fairly and independently or
- has a relationship with, or interest in, an organisation from which they will receive personal gain because the organisation receives funding under the Program.

You will be asked to declare, as part of your application, any perceived or existing conflicts of interests or that, to the best of your knowledge, there is no conflict of interest.

If you later identify that there is an actual, apparent, or potential conflict of interest or that one might arise in relation to a grant application, you must inform the Department of Foreign Affairs and Trade in writing immediately. Committee members and other officials including the decision maker must also declare any conflicts of interest.
