(Q) What is the name, address and telephone number of the person authorised by the applicant to provide additional information in relation to this application?

<u>Street Address</u>	<u>Postal address</u>
<u>Phone:</u> ()	<u>Fax:</u> ()
<u>Email address:</u>	

(R) SIGNED BY, OR ON BEHALF OF, THE APPLICANT:

** The signatory below must have organisational authority to represent the applicant and to implement the conditions of the permit when granted **

Name :	<input type="text"/>
Position:	<input type="text"/>
Signature: _____	Date: ____/____/____

INSTRUCTIONS

1. If the application is being made by, or on behalf of, a corporation, organisation or legal entity, the name of the corporation, organisation or legal entity is to be inserted at question **(A)**. Do not insert the name of the person signing the application; this must happen at question **(R)**.
2. **Associated item(s)** means any of the following:
 - (a) Associated equipment means equipment or plant that:
 - (i) is specially designed, manufactured or built for use, or is specially suited (whether with or without modification or adaptation) for use, in:
 - (A) nuclear activities; or
 - (B) the production of nuclear weapons or other nuclear explosive devices; and
 - (ii) is included in a class of equipment or plant that is declared by the Minister, in writing, to be associated equipment for the purposes of this definition;

The above also includes a component or part of such equipment or plant.
 - (b) Associated material means any material (other than nuclear material, associated equipment or associated technology) that:
 - (i) is of a kind specially suited for use in nuclear activities, the construction of a nuclear reactor or the production of nuclear weapons or other nuclear explosive devices; and
 - (ii) is included in a class of material that is declared by the Minister, in writing, to be associated material for the purposes of this definition.
 - (c) Associated technology means any document that contains information (other than information that is lawfully available, whether within Australia or outside Australia and whether for a price or free of charge, to the public or a section of the public):
 - (i) that is applicable primarily to the design, production, operation, testing or use of:
 - (A) equipment or plant for:
 - the enrichment of nuclear material;
 - the reprocessing of irradiated nuclear material; or
 - the production of heavy water; or
 - (B) nuclear weapons or other nuclear explosive devices; or
 - (ii) to which a prescribed international agreement applies and that is of a kind declared by the Minister, in writing, to be information to which this definition applies;

The above also includes any photograph, model or other thing from which such information may be obtained or deduced.
3. Where there is insufficient space on this form to furnish complete information, additional information must be provided on separate sheets, numbered consecutively and signed by, or on behalf of, the applicant.
4. To expedite the application process, the applicant may send information electronically in the first instance, and then post the originals, noting that the application cannot be completed until the original posted documents are received by ASNO. ASNO's contact details are:
