This proposal appears to be

administrative tasks to assist <sup>s 47F(1), s 47E(d)</sup> their program rather than an internship with a clearly defined host organisation <sup>s 47F(1), s 47E(d)</sup>

Hi all

This morning we discussed NCP scholars interning at s 47E(d), s 47F(1) , including whether it would meet the definition of “host organisation” and whether such an internship met the outcome of building a lasting link with an Indo-Pacific organisation.

After giving it some thought, another very relevant issue is the perception that NCS could be seen to be allowing s 47F(1) to “double-dip” from the NCP. s 47F(1) Australian students in s 47F(1) are most likely to be all NCP-funded through the Mobility Program. s 47F(1) receives NCP administration funding (10% of total mobility grants) to support NCP-funded mobility students. If s 47F(1) then receives the services of an NCP-funded intern (i.e. NCP pays their stipend during the internship) to provide support services to Australian NCP-funded students – it looks to me like “double-dipping” from NCP. s 22(1)(a)(ii) you may like to comment on how it looks to you.

(There is also the issue of precedent: will you allow s 47F(1) to do this: use the services on NCP-funded intern to support their NCP-funded mobility students?)

So, I agree with Palladium’s recommendation not to approve the internship with s 47E(d), s 47F(1)

Hi Palladium team,

NCP scholar s 47F(1) 's proposal to intern at s 47F(1) is not approved because the organisation is not a local host organisation- we would like to see linkages being built with s 47E(d) host organisations.

The scholar may wish to explore interning at a local host organisation instead.
