## OFFICIAL

Hi s 22(1)(a)(ii)

Hope you and s 47F are both well. Sydney is quite warm these days (today is 29°C). It's quite unusual that the weather is so warm in late winter and early spring period, but it's very comfortable.

Our Los Angeles post decided to order the Range Rover. I've prepared the Work Order. Please sign and send a pdf back to me, so I can get my director s 22(1)(a)(ii) to sign and finalise the Work Order.

Many thanks and kind regards

Hi s 22(1)(a)(ii)

Thank you, the weather has been fairly good in the South, s 47F went North to Scotland..

Hopefully the Los Angeles quotation will be okay..

Thank you.

Hi <sup>s 22(1)(a)(ii)</sup>

I have built a Range Rover Sport PHEV Dynamic SE for you in the USA configurator, there is a fairly big saving compared to the full size Range Rover circa -£13,258.

I have only added the colour and trim, the rest of the vehicle is standard, you may wish to make the odd change, so let me know.

I have left the freight as container movement which was £7500.

I have attached the following;

- Vehicle configurator build for the USA market.
- s 47G(1)(a) and (b)
- VISTA order which I have loaded into our holding pool.

We have a late summer bank holiday on Monday, so we won't be working, the weather is looking quite mixed as we have the back end of a tropical storm passing over from the Atlantic.

Have a great weekend.

**Kind Regards,**

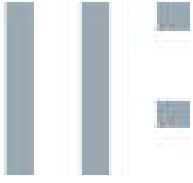

s 47F

Hi s 22(1)(a)(ii)

I will have a look at this, but they have used the United Kingdom configurator.

They should be here to build and view the correct specification, I will see if I can re-build the requirement in the quote system. Also just to make you aware that the Range Rover Sport is a lower discount, so the difference may be negligible.

<https://www.landroverusa.com/range-rover/index.html>

I would point them to the correct market configurator to avoid any confusion around the specification.

Thank you.

Hi s 22(1)(a)(ii)

I hope you had a great weekend.

This configuration has loaded into the factory order system and I have created a quotation for you from the specification.

- I believe that a couple of minor features listed on the configuration are added by the US port prep team which we could potentially add at the U.K. retailer. These are the emergency pack which I think is a warning triangle and possibly a first aid kit, and rear seat convenience pack which are dealer accessories to hang a suit jacket etc. from the rear seats. These are not priced within the quotation, but I can add them if they are important.

The rest of the specification seems to be fine, if you want more refinement in the rear, you could add rear seat entertainment which would be two 11.4-inch screens which are £2411 before discount (1446.60 after discount).

If you have any questions, just drop me a line.

Kind Regards,

Hi s 22(1)(a)(ii)

Hope you had a nice weekend.

Our Los Angeles Post made an inquiry about a Land Rover earlier, now they are considering a Range Rover because they think the Velar is too small for them.

Could you please provide a quote? Many thanks.

Retailer price, terms and vehicle availability may vary. See your local authorized Land Rover Retailer for details.

<sup>4</sup>Always follow local speed limits.

<sup>5</sup>All figures are EPA estimates. Actual mileage may vary.

<sup>22</sup>Driving in floodwaters or moving water should be avoided. Driving through water can be extremely dangerous. The Wade Sensing feature only detects depth of water the vehicle is in at the present time and not of water ahead or around the vehicle. Therefore, Wade Sensing cannot predict whether it is safe to proceed and cannot detect steep drops in grade around the vehicle. The driver is responsible for determining the conditions of the route being driven.

<sup>27</sup>Never tow beyond a vehicle's permissible towing capacity. Before towing, please consult the owner's manual or your local authorized Land Rover Retailer for more details.
