User guide to the Portfolio Additional Estimate Statements

User Guide

The purpose of the 2023–24 Portfolio Additional Estimates Statements (PAES), like that of the Portfolio Budget Statements (PB Statements), is to inform Senators and Members of Parliament of the proposed allocation of resources to Government outcomes by entities within the portfolio. The focus of the PAES differs from the PB Statements in one important aspect. While the PAES include an Entity Resource Statement to inform Parliament of the revised estimate of the total resources available to an entity, the focus of the PAES is on explaining the changes in resourcing by outcome(s) since the Budget. As such, the PAES provides information on new measures and their impact on the financial and/or non-financial planned performance of programs supporting those outcomes.

The PAES facilitate understanding of the proposed appropriations in Appropriation Bills (Nos. 3 and 4) and Appropriation (Parliamentary Departments) Bill (No. 2) 2023–2024. In this sense, the PAES is declared by the Additional Estimates Appropriation Bills to be a 'relevant document' to the interpretation of the Bills according to section 15AB of the *Acts Interpretation Act 1901*.

Structure of the Portfolio Additional Estimates Statements

The PAES are presented in three parts with subsections.

User guide

Provides a brief introduction explaining the purpose of the PAES.

Section 1: Entity overview and resources

1.1 Strategic direction statement

As part of and following the 2023-24 Mid-Year Economic and Fiscal Outlook (MYEFO), the Government announced a number of government decisions with impacts for the Department of Foreign Affairs and Trade.

MYEFO reaffirms the Government's commitment to the region and increasing our funding compared to the previous forward estimates and includes ongoing funding for existing functions such as diplomatic and economic engagement, cyber security and supporting the overseas diplomatic network.

Our prosperity and security are linked to our neighbours in our region and a major focus of the Government is strengthening our relationship with the Pacific Island countries. In an environment of global economic and strategic uncertainty, the Government is investing in key relationships, supporting trade, sustaining the environment, and strengthening our digital capabilities to meet current and future challenges.

The Government will provide \$124 million over four years from 2023-24 to enhance and expand Australia's engagement with Pacific Island countries. This includes a further \$60.4 million over four years and \$9.6 million in 2027-28 for a new Chancery in the Solomon Islands and \$43.6 million to support enhanced engagement with regional partners including improved bilateral visits. The Government has also established the Falepili Union to strengthen bilateral ties with Tuvalu.

The Government continues to support regional security with \$21.2 million over four years to lift regional cyber resilience and \$24.8 million over the same period (and \$6.1 million per year ongoing) to engage with diplomatic partners to identify and mitigate emerging counter-terrorism and people smuggling threats.

The Government launched Invested: Australia's Southeast Asia Economic Strategy to 2040 in September 2023 which sets out a pathway to strengthen Australia's economic engagement with the region. The Government is providing \$95.4 million over four years (and \$5.3m per year ongoing) to increase Australia's trade and investment in Southeast Asia. This includes \$70.2 million to establish the Investment Deals team, \$19.2 million to establish a Southeast Asia Business Exchange program to support Australian businesses to enter Southeast Asian markets and \$6 million to develop a pilot program of internships and placements for young professionals in Australian and Southeast Asian companies. MYEFO reaffirms the Government's commitment to becoming a renewable energy superpower with support to the Critical Minerals Strategy 2023-2030. This includes funding for the Critical Minerals Facility and for critical minerals projects in Northern Australia through the Northern Australia Infrastructure Facility.

The Office of First Nations Engagement, headed by the Ambassador for First Nations Peoples, Mr Justin Mohamed will fulfil the Government's pledge to embed First Nation's perspectives into Australia's international engagement. Government has provided \$13.6 million over four years from 2023-24 (of this \$2.6 million will be met from within the existing resourcing of Austrade) to continue and expand efforts to boost First Nations trade and investment and enhance collaboration between First Nations communities and partners across the Indo-Pacific.

The Government is increasing passport fees by 15 per cent from 1 July 2024 resulting in an additional \$349 million of revenue, enabling DFAT to produce and protect one of the most secure and trusted passports in the world. The security and quality of Australia's document is the key reason Australian passport holders currently receive visa-free access to over 100 countries.

1.2 Entity resource statement

The Entity Resource Statement details the resourcing for the Department of Foreign Affairs and Trade at Additional Estimates. Table 1.1 outlines the total resourcing available from all sources for the 2023–24 Budget year, including variations through Appropriation Bills No. 3 and No. 4, Special Appropriations and Special Accounts.

Amounts presented below are consistent with amounts presented in the Appropriation Bills themselves, and as published in appropriation notes to the 2022–23 financial statements.

### Estimates of special account flows and balances

Special Accounts provide a means to set aside and record amounts used for specified purposes. Table 3.1 shows the expected additions (receipts) and reductions (payments) for each account used by the Department of Foreign Affairs and Trade.

### 3.2 Budgeted financial statements

### 3.2.1 Differences between entity resourcing and financial statements

There are no differences between the resource information presented in the Budget Papers and in DFAT's Portfolio Budget Statements.

### 3.2.2 Explanatory notes and analysis of budgeted financial statements

The total budgeted revenue from government in 2023–24 is \$1,976.1 million as shown in Table 3.2. The movements since the 2023-24 budget are primarily attributable to:

- funding for new measures; and
- movements in the passport funding agreement.

The Income Statement shows a budgeted deficit in 2023–24 of \$150.3 million before allowing for net cash funding arrangements.

In addition, all departmental financial statements have been updated to include the estimated impact of the accounting standards for leases (AASB 16).

#### Budgeted departmental balance sheet

The department will receive an equity injection of \$147.7 million in 2023–24 for the purchase or construction of new assets. The department will also receive \$83.7 million through its Departmental Capital Budget to fund the replacement of existing assets.

For 2023–24, the department's non-financial asset position is budgeted to be \$5,400.2 million at year-end. The major asset component is \$4,760.3 million for land and buildings.

### Schedule of budgeted income and expenses administered on behalf of the government

Administered expenses for multilateral replenishments are budgeted at \$27.9 million, a decrease of \$498.1 million from the 2022–actual due to one new multilateral replenishment being negotiated in 2023-24 compared to three being finalised in 2022-23.

### Schedule of budgeted assets and liabilities administered on behalf of the Government

Administered assets and liabilities administered on behalf of the Government are budgeted at \$2,763.4 million and \$1,722.1 million respectively for the year ending 30 June 2024.

#### Schedule of budgeted administered cash flows

Administered cash receipts in 2023-24 primarily comprise receipts from passport and consular services and are budgeted at \$1,082.7 million.

Administered cash used in 2023–24 is estimated to increase by \$474.0 million compared to 2022–23. This is due primarily to the profile of the new measures across the forward estimates.

#### Note: Impact of net cash appropriation arrangements

Prepared on Australian Accounting Standards basis.

a) From 2010–11, the Government introduced the net cash appropriation arrangement that provided non-corporate Commonwealth entities with a separate Departmental Capital Budget (DCB) under Appropriation Act (No.1) or Bill (No. 3). This replaced revenue appropriations provided under Appropriation Act (No.1) or Bill (No.3) used for depreciation/amortisation expenses. For information regarding DCB, refer to Table 3.6 Departmental Capital Budget Statement.

b) Applies to leases under AASB 16 Leases.

c) Excluding depreciation and other non-cash adjustments relating to the adoption of AASB16 Leases the consolidated net cash position includes an operating surplus by DFAT of \$9.8 million and the Overseas Property Special Account of \$0.6 million.

## Australian Trade and Investment Commission

### Section 1: Entity overview and resources

### 1.1 Strategic direction statement

New measures announced in the 2023-24 Mid-Year Economic and Fiscal Outlook will support the Australian Trade and Investment Commission (Austrade) in its purpose of delivering quality trade and investment services to businesses and policy advice to government to grow Australia's prosperity.

On 6 September 2023, the Government launched Invested: Australia's Southeast Asia Economic Strategy to 2040, which sets out a practical pathway to increase Australia's twoway trade and investment with the region. The Government has allocated \$19.2 million over four years for the Southeast Asia Business Exchange (SEABX) to boost two-way trade and support Australian exporters to enter, compete and grow in the fast-growing markets of Southeast Asia. Additionally, it has allocated \$70.2 million over four years (of which Austrade will receive \$13.6 million over four years) to establish Investment Deal Teams which will identify and facilitate investment opportunities throughout the region.

As announced on 15 December 2023, the Government has allocated a further \$53.5 million over 4-years from 2023–24 (of which Austrade will receive \$5.4 million over four years) to Simplified Trade System Implementation Taskforce. This funding builds on existing actions being undertaken by the Taskforce and our partner agencies.

The Government will provide \$13.6 million over four years from 2023–24 to boost First Nations trade and investment and enhance collaboration between First Nations communities and partners. The cost of this measure will be partially met from within the existing resourcing of Austrade to establish the Visitor Economy First Nations Partnership, and enhance targeting of trade and investment services to support First Nations Peoples and businesses outcomes.

A full outline of the Australian Trade and Investment Commission's Strategic Direction can be found in the Portfolio Budget Statements 2023-24 and the Corporate Plan 2023-24.

### 3.2 Budgeted financial statements

### 3.2.1 Analysis of budgeted financial statements

An analysis of Austrade's budgeted financial statements, as reflected in the departmental financial statements and administered schedules, is provided below.

### 3.2.2 Budgeted financial statements

### **Departmental Financial Statements**

The Departmental financial statements represent the assets, liabilities, revenues and expenses which are controlled by Austrade. Departmental expenses include employee and supplier expenses and other administrative costs which are incurred by Austrade in undertaking its operations.

### Budgeted departmental comprehensive income statement

This statement provides actual financial results for 2022-23 and the estimated revenue and expenses for 2023-24 and forward years.

Total income in 2023-24 is estimated to be \$284.2 million, an increase of \$12.5 million from the Budget. The increase is due to an increase of \$6.6 million in appropriation for the new payment measures reflected in Table 1.2 - Entity 2023-24 Measures since Budget and an increase of \$5.9m due to reclassification between departmental capital expenditure to departmental operating.

Total estimated expenses for 2023-24 have increased by \$9.6 million from the Budget, to reflect the new payment measures since Budget, reclassification and adjustments related to depreciation and amortisation expenses.

### Budgeted departmental balance sheet

This statement discloses the estimated end of year financial position for Austrade. Austrade's budgeted net asset position at the end of 2023-24 is \$8.8 million, a decrease of \$5.8 million from the closing 2022-23 position.

### Departmental capital budget statement

This statement shows all planned departmental capital expenditure on non-financial assets, whether funded through capital appropriations, additional equity, borrowings, or funds from internal sources.

### Departmental statement of asset movements

This statement shows budgeted acquisitions and disposals of non-financial assets during the budget year.

#### Note: Impact of net cash appropriation arrangements

Prepared on Australian Accounting Standards basis.

a) From 2010–11, the Government introduced the net cash appropriation arrangement that provided non-corporate Commonwealth entities with a separate Departmental Capital Budget (DCB) under Appropriation Act (No.1) or Bill (No. 3). This replaced revenue appropriations provided under Appropriation Act (No.1) or Bill (No.3) used for depreciation/amortisation expenses. For information regarding DCB, refer to Table 3.6 Departmental Capital Budget Statement.

b) Applies to leases under AASB 16 Leases.

### Section 1: Entity overview and resources

### 1.1 Strategic direction statement

There have been no changes to the Australian Secret Intelligence Service's role, outcomes, output groups, or outputs as expressed in the *Portfolio Budget Statements* 2023-24.

Additional appropriations in 2023-24 are as a result of the movement of Departmental Capital Budget from 2022-23.

### 1.2 Entity resource statement

The Entity Resource Statement details the resourcing for the Australian Secret Intelligence Service at Additional Estimates. Table 1.1 outlines the total resourcing available from all sources for the 2023–24 Budget year, including variations through Appropriation Bills No. 3 and No. 4, Special Appropriations and Special Accounts.

Amounts presented below are consistent with amounts presented in the Appropriation Bills themselves, and as published in appropriation notes to the 2022–23 financial statements.
