Rana Flowers  
Representative  
UNICEF Mongolia Country Office

Dear Rana Flowers,

On behalf of the Ministry of Education, Culture and Science, presenting you its compliments to the UNICEF Mongolia Country Office for its long-term fruitful cooperation and fully supporting your newly initiated 4-year project on "WASH in Schools and Kindergartens", which is focusing on providing indoor water supply and sanitation facilities in rural selected schools and kindergartens of Khuvsgul aimag.

I assure that outcome of the project well fits in line with Ministry's long-term target to provide all rural schools with indoor water supply and sanitation facilities and improve policies and mechanisms related to WASH in Schools.

Your continued support would greatly benefit well-being of children in Mongolia.

Sincerely yours,

E. Enkhshimeg D.,  
Director,  
Basic Education Department
